

Delicious for your life!

Korean food on the dining tables
around the world

one Q

Korea's first Korean soup manufacturer,
Taejong FD

Delicious for your life

Popularization of traditional Korean food, delicious and simple Korean food, Korea's first Korean soup manufacturer, Taejong FD, Takes a powerful leap to deliver Korean food to the world.

CEO Greeting

This is Seong Hoe Ku, the C.E.O of Taejong FD Co., Ltd (Mr Chef). Since the company's foundation in 1999, Taejong FD has been growing into Korea's top Korean soup manufacturer through endless changes and challenges for the popularization of traditional Korean food, and delicious and simple Korean good.

There are many different kinds of food, but Korean food is the kind of food that suits our taste the best that there is no generation that grew up without eating Korean food. We will strive to deliver the simplest, delicious and hygienic high-quality Korean food, which holds the pride of Koreans, based on our long experiences and technology.

Also, based on our slogan "Korean food on the dining tables around the world", We are taking a leap to become a world-recognized Korean food manufacturer and promote the excellence of Korean food by exporting our products to Southeast Asia, USA, etc.

A powerful leap toward global Taejong FD!
Global Korean food that is loved everywhere, Taejong FD will make it happen!

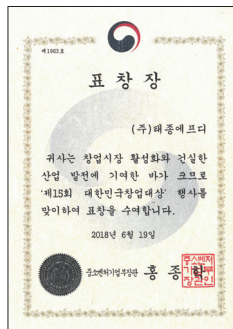

Seong Hoe Ku
CEO, Taejong FD Co., Ltd.

Management Philosophy + Employee Spirit

Management Philosophy

1. Customer Satisfaction
2. Value Creation
3. Customer Reliability

Companies that satisfy with delicious products and honest products

To select the best quality raw materials and to be responsible for our customers' health, we produce honest products through microbiological tests and taste tests.

Companies that create value through continuous product research and social contribution

Achieve customer satisfaction through superior products and return profits to society. We also create value through energy conservation campaigns and eco-friendly product development efforts by implementing eco-friendly green management.

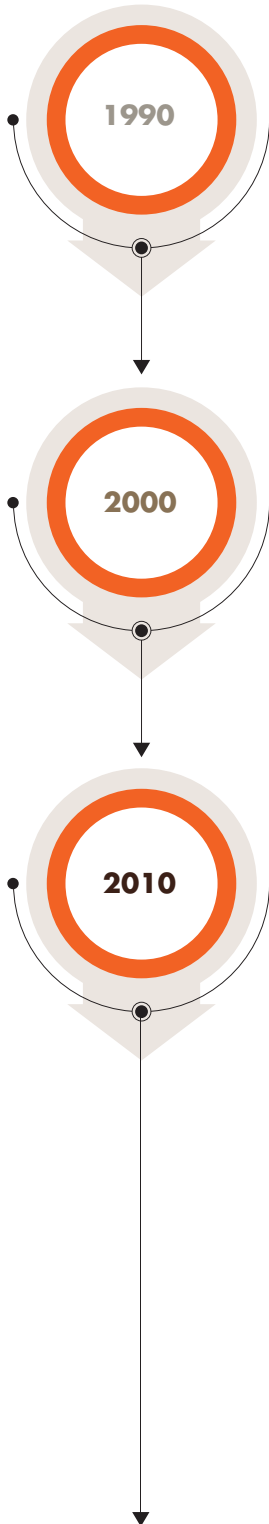

Companies that give trust to customers with true management

We always use fresh materials and secure process system HACCP certification to produce products, share local community, practice service and pursue environmentally friendly green management.
